## Polyamorous NYC Announces Formation of a Board Search Committee

In an effort to find suitable candidates to expand its Board of Directors, Polyamorous NYC announces a recruitment campaign, including the formation of a Search Committee. Ideal candidates for the Search Committee will be members of the GLBT community and closely affiliated with professional networking circles.

“The existing Board of Directors hopes to bring on 1 new Board member every 6 months for at least the next year and a half to 2 years,” says Board Chair, Justen Bennett-Maccubbin. “In order to accomplish that goal we will need a well connected group. After more than a decade of service to the GLBT and polyamory communities, this is the start of our next stage of development toward expanding the effectiveness and influence of our institution.”

The first search committee meeting will be held in November, after a sufficient number of committee members are identified. Polyamorous NYC will be reaching out to many existing GLBT and other civil rights based institutions to locate candidates for both the Search Committee and the Board.

Interested parties should send an email address, phone number, associations and experience within the GLBT community to [info@Poly-NYC.com](mailto:info@Poly-NYC.com).

Polyamorous NYC is the only organization in the United States dedicated to supporting multiple partner relationships within the Gay, Lesbian, Bisexual and Transgender Community. The organization has a demonstrated track record nurturing an emerging community with a growing base. It is also the first poly organization to use activism in order to the raise visibility and promote acceptance of healthy, sustainable multiple partner relationships.

More information about Polyamorous NYC is available on the website at [Poly-NYC.com](http://Poly-NYC.com) or by calling 212.543.9494.
